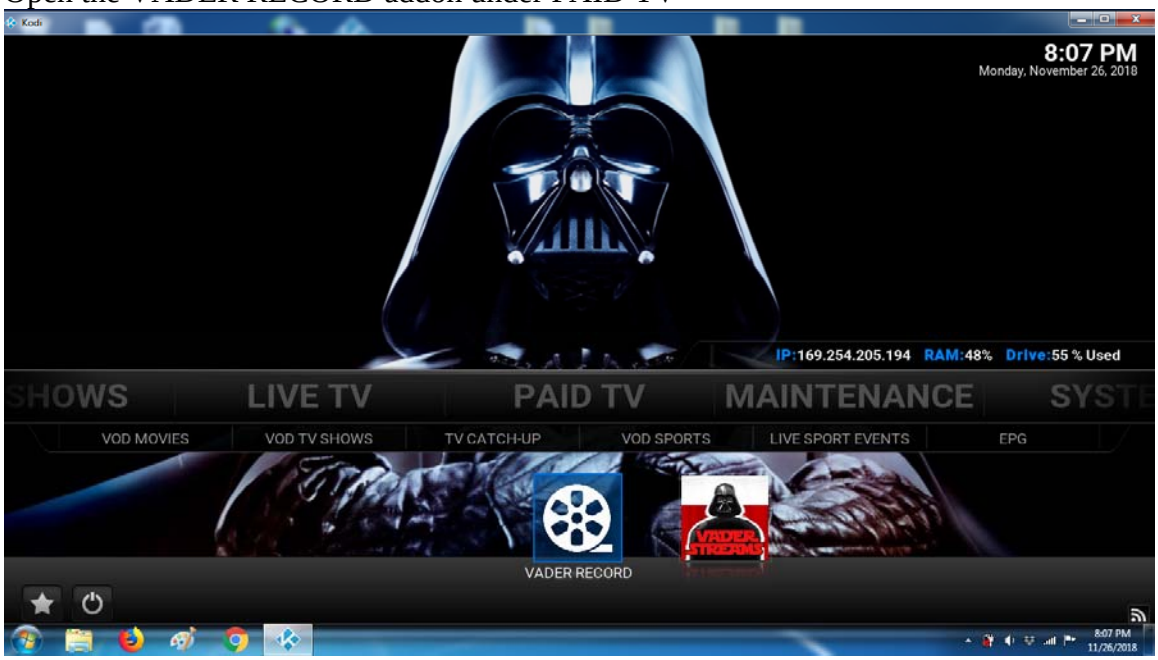
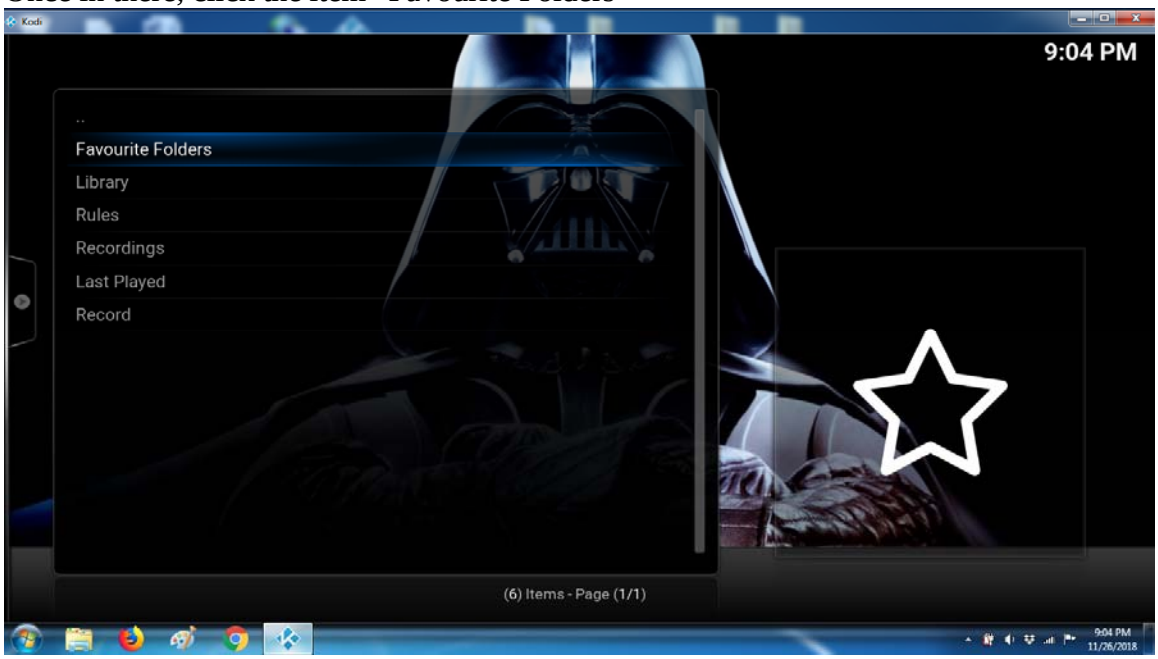
VADER RECORD GUIDE
There is a new addon under PAID TV for LibreELEC users that will record catchup streams from Vader.
First of all make sure you have labeled your external Drive to KODI on a computer.
Follow this guide https://archive.org/stream/mredrepo/RenamingADrive#mode/2up and make sure you name it KODI in Capital letters.

TO ADD RECORDINGS TO THE RULES.
Open the VADER RECORD addon under PAID TV



Once in there, click the item “Favourite Folders”



Now follow another guide on how to add something
